Dr. Rachel Brooks

MEET THE DOCTOR:

Dr. Rachel Brooks is originally from Fort Worth, Texas, but she was raised right here in Las Vegas! She always knew she wanted to go into the healthcare field and began her journey towards her dream by attending the University of Nevada Las Vegas. In December of 2019, she obtained her bachelor's degree in Kinesiology and graduated with Honors. She relocated to Dallas to further her education in chiropractic at Parker University. In December of 2023, she graduated Cum Laude with her Doctorate in Chiropractic. She decided it was time to come back home to Las Vegas and was granted the opportunity to utilize her knowledge with the amazing staff and patients at Advanced Chiropractic Specialists!

Dr. Brooks was first introduced to chiropractic after being involved in a car accident. Whilst seeking care, she experienced first-hand how chiropractic can work in conjunction with the body's natural healing process. She was able to make a full recovery and decided at that time she wanted to be able to provide the same opportunity to those in her community. Dr. Brooks believes in providing patient-centered care and acknowledging the root cause of the problem at hand rather than just the symptoms. Dr. Brooks is proficient in the Diversified, Activator, and Webster technique. ins.
